SHOW OVERVIEW

Exhibit your products and services at the Grand Wedding Show - a breath of fresh air for couples through their planning.

Our show will uniquely host only 30 vendors showcasing a range of products and services for future married couples, lending way to more intimate and meaningful connections and a wider opportunity to book clients. We will also feature exciting contests and prizes and total marketing support via radio, digital newsprint, and online advertisement.

Included as a vendor, is a listing of your products and services on industry related websites including our own website www.thegrandweddingshow.ca. EXHIBITOR BENEFITS

INTIMATE CAPACITY = INFINITE ACCESS

At a limit of 30 exhibitor booths, the Grand Wedding Show has the unique opportunity to really get to know each and every person that walks through the door and create relationships on the spot. We are not for the massive shows with very little interaction. We are promoting conversations, relaxation, and the Grand experience.

INDUSTRY NETWORKING

Network with other exhibitors and professionals in the industry that complement your goods and services, rather than compete. There is opportunity for all vendors and we are striving to build a network of vendors within our neighbourhood for the ultimate goal of collaborative success.

ADVERTISING & MARKETING

We are using professional services to promote your business, increase foot traffic, and drive connections converted to sales. We are committed to helping new couples find you easily and strengthening your brand. This includes paid Facebook and Instagram ads as well as a radio campaign on 92.9 The Grand as the weather sponsor with 40 x 15 second ads throughout a 2 week period leading up to the show.
